## Vietnam Duty Tours Kept At One Year

WASHINGTON (AP) — The Pentagon apparently intends to maintain the one-year Vietnam duty tour regardless of any other actions to bolster U.S. military manpower in Southeast Asia.

"There is no sentiment in favor of stretching the tour," one high official said. "The one-year tour is awfully useful as a morale builder."

Defense authorities are studying several possible measures to ease the manpower pinch resulting from the ever-rising demands of the Vietnam war.

Possible actions include calling to active duty thousands of National Guardsmen and reservists, increasing draft calls, shortening the interval between

tours of duty in Vietnam and bringing more troops back from Europe.

An already tight manpower situation would become worse if President Johnson should order an increase in authorized troop levels for Vietnam beyond the currently planned 525,000 by mid-summer.

Johnson said last weekend he will boost the level "if we need to."

Pentagon officials said Gen. William C. Westmoreland, U.S. commander in Vietnam, has not yet requested any over-all increase. But military sources expect that he will.

Last week Johnson approved the speedy shipment to Vietnam of about 10,500 Army paratroop-

ers and Marines specifically asked for by Westmoreland as insurance against an expected Communist assault on the Khe Sanh stronghold in northwestern South Vietnam.

This development highlighted the manpower squeeze because it drew from the United States a brigade of the 82nd Airborne Division, the last division-size Army outfit capable of quick reaction to meet new crises which may develop in the Caribbean, Mediterranean or elsewhere.

The necessity to draw also on an already thin Marine contingent in the United States also tended to underscore the overall manpower problem.

The Army and Marines have

tried to allow a man at least 24 months away from Vietnam before he is sent back.

But authorities said an exception had to be made in the case of the new reinforcement of 10,500 paratroopers and Marines.

About 40 per cent of the paratroop brigade had been back from Vietnam less than two years, and many less than one year. The Marine regiment was in somewhat the same shape.

Faced with strong protests from congressmen and relatives of men being returned to Vietnam, the Army is developing a plan to permit what is called a "phase return" of men who had recently returned from their first war tour.

Officials said the plan has not yet been approved.

Under the proposal a man who had been home from the war only six months, for example, would be rotated back from his second tour in Vietnam ahead of a man who had been back in the United States for seven months.

Presumably, many of those rushed over would not have to serve another full year in Vietnam. Whether such exceptions to the 24-month interval policy will become frequent will depend on whether the 525,000-troop ceiling is raised, and by how much.

## Marine Planes Blast Hue Citadel Holdouts

### General Says Cleanup Could Require Weeks

SAIGON (AP) — U.S. Marine jets returned to the battle for Hue today for the first time in five days as one of the Vietnam war's most savage and sustained campaigns went into its fourth week.

The Marine pilots sent bombs, rockets and napalm into Communist troops dug in among a row of shanties just outside the south wall of the Hue Citadel.

AP Correspondent George McArthur reported that the bombs scored a direct hit on a Communist ammunition dump touching off a spectacular flash and a fire that cast a pall of black smoke over the city.

Marines on the south bank of the Perfume River, across from the 15-yard strip bombed by the jets, could see figures running from the area and opened fire with their machine guns. They cut down a dozen small groups.

Earlier the Marines on the south side of the river broadcast warnings across telling all civilians to leave the area and the North Vietnamese and Viet Cong holding out in the former Imperial Palace to surrender or die.

**Reds Send Supplies**  
When no white flag went up, the Marines sent artillery barrages slamming into the Communist strongpoints and sprayed them with tear gas. This touched off a heavy fire-fight that echoed all over the coastal city 400 miles northeast of Saigon.

La. Gen. Robert Cushman Jr., commander of the U.S. Marines in Vietnam, said the battle in Hue could go on for several more weeks because the enemy still was able to send in fresh supplies and troops.

Cushman told newsmen in Da Nang one Marine battalion had suffered serious casualties in the fighting and would be replaced.

He estimated that the Communists had put an entire division into the Hue battle and said they are committed to fight to the last man. The enemy is believed to be moving in fresh men and supplies through gates they control in the northwest and southwest corners of the Citadel and through tunnels and sewers beneath the east wall.

Cushman said soldiers of the U.S. 1st Air Cavalry Division were attacking a fortified village on the outskirts of Hue along the Communists' supply route and, once it falls, the soldiers would move to seal off the last enemy approach to Hue.

**Hold Citadel**  
The Communists still hold all of the Citadel's south wall, much of the west wall, and control sections south, east and west of the Citadel, despite the efforts of 4,000 allied troops to dislodge them.

U.S. Marines and South Vietnamese troops have reported killing 3,000 enemy soldiers since the Communists seized most of Hue Jan. 31 in the lunar new year's offensive against 33 cities and towns.

About 100 Marines have been killed and many more wounded. Lt. Gen. Hoang Xuan Lam, commander of the 1st Corps area, said 400 of his troops had

### Uranium Fever Strikes:

## Elliot Lake Booms Again

SAULT STE. MARIE, Ont. (AP) — Elliot Lake, Ont., a mining boom town of 23,000 persons in the early 1950's, is booming once again — uranium fever has hit the area.

Sault Ste. Marie has been invaded by planes, taxis, and even a go-go girl from Toronto, all rushing to stake claims on uranium properties.

The Ontario provincial government opened more than 100,000 acres of land in the Elliot Lake region, 90 miles east of

Sault Ste. Marie. The area had previously been closed to uranium prospecting.

Independent prospectors and representatives of various big mining companies had been congregating in the one-time boom town for the past several weeks in anticipation of a claim-staking date which began at noon Monday.

Elliot Lake, its population down to 10,000, prospered in the early 50's until the uranium areas were officially closed by

the government. Canadian uranium ore commitments to Japan have caused a recent resurgence of activity in the area.

Several thousand persons assembled in the town Monday morning and took off before noon to various areas they planned on staking.

The first claim to be recorded in the Sault Ste. Marie government mining office was that of Pat Castonguay of Port Arthur, Ont. He filed his claim at 12:57 p.m. less than one hour after the noon opening.

Castonguay used methods prospectors during the California and Yukon gold rushes would never have dreamed of. He gave his claim to a pilot who flew it to the Soo.

The pilot dropped the claim in a weighted pack to the ice on the river below, a few blocks from the mining office. Another man scooped on the claim and immediately rushed it to the office.

His claim was protested by other prospectors, but the Royal Canadian Mounted Police ruled that the operation was legal as long as the pilot of the plane had observed all air regulations.

Meanwhile, other planes came in, some landing on the river ice and some landing in fields near the town. One plane went through the ice but no one was hurt.

Later in the day 23-year-old Joan Corrale, who identified herself as a go-go girl from Toronto, came into the Soo mining office clad in a bright yellow snow suit. She said she made the last 17 miles in a taxi after her plane had been forced down with mechanical trouble.

Miss Corrale, who said she was a runner for a Toronto prospector, filed several claims for him and one for herself. She said she went out into the bush Monday to stake her own claim and then picked up the prospector's claims.

She had been working in Elliot Lake as a go-go girl while waiting for the opening of the 100,000 acres to prospectors.

By nightfall 85 claims had been filed. The Sault Ste. Marie mining office is authorized to file up to 1,500 claims, while the Sudbury office can take 500.

### Ann Arbor Lists 10 Wanted Cars

ANN ARBOR (AP)—Police in Ann Arbor have issued lists of the "10 most wanted autos"—cars having anywhere from 26 to 59 unpaid parking tickets issued against them.

Officials were ordered to keep their eyes out for the worst violators after eight police recruits sorted through 20,000 unpaid tickets. In the last two weeks, drivers have paid \$14,000 in back parking fines after being up contacted about their unpaid tickets.

was ripped away and an iron grating twisted.

An embassy employee, who refused to give his name, told a newsmen at the scene there was heavy damage to an office and lighter damage to an adjacent reception room. He did not say who ordinarily occupied the office.

A State Department spokesman said: "It appears that a bomb was either thrown or planted. There appears to be one witness and possibly two suspects who were not yet apprehended. The State Department has been in touch with Russian Ambassador Anatoly F. Dobrynin expressing regret and offering Assistance on background. Present indications are there were no injuries to personnel of the embassy. The damage

does not appear to be extensive.

Nat Reed, a maintenance man at the University Club next door, said there was one loud report that shattered windows along the side of the club across a narrow alley.

"It went off like a cannon or something," Reed said.

Police roped off the area and newsmen were not permitted inside the narrow old-style building off Embassy Row at 1125 16th Street NW.

Panes of glass on several floors of the AFL-CIO Building across the street and windows in other buildings on both sides of the street were shattered.

Police said a man was seen in the area a short time before the blast. There were no confirmed reports of any arrests.

### Half A Million Florida Pupils Lack Teachers

TALLAHASSEE, Fla. (AP) — Gov. Claude Kirk returned from California today amid criticism because he was out of state during a teacher walkout that has kept more than a half million pupils out of class.

"I will go into the county as I always do and break the core. That is to say, I will go to Miami," the governor said. Kirk has said the source of the dispute is in the state's bigger cities.

The governor took note of criticism about his six-day absence from the state. "I can handle my job by telephone," Kirk said. "Is it true that I have to be there hourly. Do you think the phones don't work in California?" Does President Johnson have to be in Vietnam to handle the situation in Vietnam?" Kirk said.

Florida Atty. Gen. Earl Faircloth said Tuesday night the suits that school boards and taxpayers have filed to try and force teachers back to work are academic.

"How can you force teachers to teach?" he asked in a speech at Gainesville. "How many do you put in jail for violating an injunction?"

The Board of Education met Tuesday and voted to give State School Supt. Floyd Christian emergency powers to cope with the crisis that closed schools from Pensacola to Miami and has kept about half of the 1.3 million pupils out of class.

Some 26,000 of the state's 60,844 teachers had quit their jobs in a group to reject what they consider stingy financing of the state's 1,800 public schools.

Kirk planned a round of meetings with advisors, including his legal aide, Wade Hopping. Hopping said Tuesday he did not agree with Kirk's claim at a Los Angeles news conference that the walkout would be solved quickly.

"I think he's being counterproductive to Phil Constans (executive secretary of the Florida Education Association) who has been saying the walkout is a complete success when it's not," Hopping said.

### Calumet Rail Line Blocked

CALUMET (AP) — After five days without rail transit the people of Calumet can now resume train travel out of this remote town in the Keweenaw Peninsula of upper Michigan.

A big snowplow out of Marquette finally opened the snow-clogged Soo Line route between Calumet and Hancock Tuesday. Not since Friday, when the Copper Country Ltd. made its last southern run out of Calumet, has a freight or passenger train been able to get through the highdrifts of Quincy Hill, north of Hancock. Calumet is the northern terminus of the line.

Since Friday, the Limited has had to turn about in Houghton. Calumet passengers were given transportation via automobile to Houghton to board the train.

After clearing the 14-mile Calumet route, the plow went to work on the Hubbell-Lake Linden line, a distance of 10 miles from Hancock. It was then scheduled to move to Nestoria and Ewen, and terminate its plowing at Ironwood Junction in Gogebic County.

## Court News Ban Is Already Operative

CHICAGO (AP) — At the moment, the American Bar Association's press-trial standards are what ABA officials have insisted all along they be called—recommendations.

Undoubtedly, they will encourage judges, lawyers and policemen to limit the flow of information to the public about arrests and trials. In fact, the ABA discovered, some already have.

Eventually, though, in the words of one top news official: Publishers will go to court "to prove that prior restraint on official news sources amounts to censorship in advance in violation of the First Amendment."

**Adoption In 1969**  
Only after this court fight, predicted by J. Edward Murray of the American Society of Newspaper Editors, will it be

known if the standards will stick.

Immediately in the offing is this: The proposed restrictions on what prosecutors and defense lawyers may say about a pending criminal case will be forwarded to an ABA committee that is in the process of revising the organization's ethics code.

ABA President Earl F. Morris expects the first draft of the new code to be ready next summer and the final version, he hopes, will be presented to the House of Delegates for adoption a year from now.

Morris says the standards then would be binding on the members of the ABA. This includes about 120,000 practicing lawyers.

He and Bernard G. Segal, a Philadelphia lawyer who will become ABA president in Au-

gust 1969, expect state bar associations to generally follow suit, adopting the ABA codes as their own.

**Pressure On Lawyers**  
Also, Morris says, in some areas state supreme courts probably would adopt rules along these lines.

The result of all this would be that from then on, from arrest through trial, lawyers who gave out certain information or expressed their opinions publicly about a case would run a risk of reprimand, suspension or even disbarment.

But Murray, managing editor of the Arizona Republic, emphasizes that "neither the ABA nor the House of Delegates makes the law."

And, he says, "House of Delegates action has only advisory, not compulsory, force at the state and local level."

NUTRITION AND YOU

Nutrition, very often confused with dietetics, is the study of how food, once consumed, affects your being.

Nutrition is a personal matter and often determines how you look, act and feel.

Your body to a great extent is composed of protein: skin, hair, nails, muscles, internal organs, the base of your bones and even your brain. It becomes evident then that a sensible and health-giving diet is

not to be considered in bulk or lack thereof; but in provision for an adequate protein intake to keep each cell functioning normally.

I hope it will become evident, too, that . . . GROOS DRUG STORE is always a sure bet for the best of prescription service. Prescriptions are quickly and carefully filled at . . . GROOS DRUG STORE . . . 1007 Ludington St., Phone ST 6-3552.

## Peterson Joins Local Law Firm

The roster of the Michigan and local bar association has been increased by the admission of Ralph B. K. Peterson to the practice of law before the Michigan Supreme Court in Lansing on Feb. 9.

Peterson recently became associated with the law firm of Hansley, Neiman & Anderson with offices in the First National Bank & Trust Co., building at 623 Ludington St. Prior to his admission he was engaged in orienting himself to the Michigan law and its practice.

Born 28 years ago of parents who emigrated to this country from Sweden in the 1920's, Peterson was raised in the Swedish neighborhood intersected by Foster Avenue and Clark Street on the North side of Chicago.

He attended Lyman Trumbull Grade School and Roland Amundsen High School, where his extracurricular activities included basketball and track, dramatics and student government.

After high school he continued his education by attending Augustana College for four years, earning a B. A. degree with a major in political science and a minor in philosophy. While in college he participated in fraternity life, intramural sports and dramatics and also had time to meet an Escanaba girl, Jean Aronson, who had graduated from Escanaba High School in 1959.

In June of 1964, Jean Aronson, the youngest daughter of the former city manager of Escanaba, Arthur V. Aronson, and

Ralph B. K. Peterson

Mrs. Aronson, became Mrs. Ralph Peterson.

Following college, Peterson attended Northwestern University's School of Law and in 1964 received the law degree of Juris Doctor.

Upon graduation from Law School, he became associated with the Chicago law firm of Madigan & Thorsen. In the fall of 1964 he passed the Illinois bar exam and was admitted to practice. He practiced law in Chicago for a little more than three years prior to moving to Escanaba on Jan. 1, 1968. His practice in Chicago consisted mainly in probating estates, estate planning, the buying and selling of real estate and the servicing of small corporations.

Ralph, his wife Jean and their 14-month-old daughter, Erika Lynn, reside at 316 S. 3rd St.

## Heavenly

A rare astronomical occurrence, the visible conjunction of the planets Mars and Saturn, will take place early in March. The two planets are now moving closer together in the western sky and will appear to be only 2 degrees apart by March 3. Saturn and Mars, the latter now lower in the west and slightly fainter, will be visible in the early evening before setting about 2½ hours after sunset. Best time for viewing the two planets is 1 to 1½ hours after sunset.

Cato the Elder was the first important author of Latin prose. Only one of his works, a treatise on farming, has survived.

## Holy Name Has 39 In Festival

Thirty-nine music students will represent Holy Name High School's band and chorus at the annual Solo and Ensemble Festival to be held in Marquette on Saturday, Feb. 24.

Members of the band who will perform as soloists are Cathy Groos, saxophone, and Connie Schoen, oboe. Those participating in ensembles are Mike Kroll, Sue Whitburn, Venetia Bryers, Richard Anzalone and Joe Lasnoski, brass; Mary Schmit, Gail O'Connell and Ann Taylor, clarinet; Margaret Schmit and Janice Bittner, flute.

Of his attending students Patrick Henderson, Holy Name band director, says: "The music we are doing this year is much more difficult than last year's, but we have the experience because some of the students are attending the festival for the third year."

Vocal soloists will be Katie Primiski and Carol Knauf; those performing piano solos, Judy Wessel, Pat Peck and Mary Beth Lippold.

Toni Erickson and Dan Snow, members of the cast of the upcoming musical, "The Unsinkable Molly Brown," will sing two selections from the score.

Three choral ensembles will perform. Members of the first group are Chris Nault, Cathy Greis, Pat Meehan, Jeanette Vanlerbergh, Pat Chaudoir, Connie Jacobs, Dianne Fraddo, Beth Knauf, Pat Saykly, Laurie LaCrosse and Mary Beth Lippold.

Those in the second group are Sue LeMire, Kathy Remondini, Sue Frasher, Joani DeGrand, Marcy Zimmermann, Diane Robinette, Rita Breclaw, Claudette Vanlerbergh and Julie Boudreau.

The third group, a trio, consists of Diane Robinette, Julie Boudreau, and Sue Frasher. Mrs. Donald F. LeMire, choral director, says of her entrants: "The ensembles are better prepared for the competition than last year's groups. We also have more piano solos. Perhaps we will come home with a few firsts in piano. I am greatly encouraged by the enthusiasm shown by all the students involved."

## Aiding Private Schools

Michigan is working up a major hassle over aid to private schools.

This editorial offers no opinion on the subject, but reviews some of the factors which might be considered in arriving at one.

The Michigan Congress of Parents and Teachers this week urged its 300,000 members to work against a proposal to give \$21 million a year in state aid to non-public schools.

In the Upper Peninsula that would mean primarily the schools of the Catholic Diocese of Marquette. There are U. P. private schools operated by the Seventh-day Adventist Church, but they have said that they oppose such aid. Downstate there are Dutch Reform, Lutheran and other schools, but there, too, the Catholic schools constitute the major part of the private school system.

The PTA position on the issue is in error. As announced by Congress President A. B. Haist "a bill proposing finance aid to non-public schools . . . would threaten the ultimate emasculation of public education.

"At a time when more and more of our public schools are faced with the prospect of closing their doors because of a lack of funds with which to operate, it is interesting to us to note that this private interest campaign has attracted many public servants . . . to the extent that even they are indicating passage of this legislation."

There are grounds for serious consideration in pioneering any general state support of private education in Michigan, but if the PTA fears that the threat is financial it is off the trolley. The alternatives are: To support more state's private school students in the public schools, or to grant public aid to the private schools.

If the private schools close, the state's additional cost to care for all their students in public schools would be an estimated \$200 million a year, rather than the \$21 million subsidy proposed to aid them stay open.

The constitutional question raised by the PTA is sensible and should be answered by the courts. With the increasing welfare orientation of America's system of justice there will probably be a different judicial view of the relationship of state and church than there would have been a quarter century ago. The relationship may be viewed now as essentially between individual student and government and not as between the student's religious faith and the government.

The treatment of children equally in church-related schools is finding more approval in the courts than it used to find. In Michigan, Pennsylvania and New York courts have declared that when a state helps a child, it simply helps a child, not his parents nor his school nor his church. This is the so-called child benefit theory.

Congress treats all children alike in the distribution of federal education and welfare benefits and does not discriminate against children in church-related schools, but there are discriminations when the federal program gets down to the state level of implementation.

Persons in Michigan who object to the state helping private schools should know that it is already in the business in a big way at the college and university level. The state offers aid to students going to private colleges and imposes no such competitive examination as it does for aid to those going to public colleges.

The clear intention of the Legislature here is to make it possible for the private colleges to continue by subsidizing them. Something similar now is proposed for the state's private elementary and secondary schools.

The State of Michigan is committed historically to a dual system of education, with both public and private schools. It professes to see strengths in such a system, rather than in putting all its educational eggs in one basket — public schools.

But this system has encountered deep financial difficulties. In a time when, as the PTA says, it is difficult for even the public schools with their tax resources to pay their bills, imagine what a problem the private schools face, with parents taxed for support of the public schools and tagged also for support of their church schools.

The result is inevitable in today's inflation and cost-price squeeze. The private church-related schools, especially the Catholic ones, have had their problems of finances compounded by the declining number of teaching sisters of religious orders, requiring the hiring of ever more lay teachers. Since the private schools have less money to hire teachers, they get second best in some situations and there has been a sizeable desertion of Catholic schooling on the question of program and quality as well as on availability.

Catholic counsel has debated the parochial school problem for years. Financial crisis may force action that the dialogue could not achieve. Most Catholic children in the nation do not attend parochial schools because there have never been enough of them to accommodate them. Now proportionately even fewer will be going to church-related schools. Such schools may eventually offer only elementary, not secondary schooling. Tests like the proposed private school subsidy now in the Legislature may shape the result.

TEENAGERS' RECREATION centers around the car, which has become a status symbol among today's teens. It symbolizes freedom, trust, and maturity to the teens involved. ## Bombing The Drag Is Status Symbol

By MARY KNOLL

This is the third in a series of four articles specially written for the Daily Press by Mary Knoll, a senior at Escanaba Area High School.

Teenagers' most common lament is, "there's nothing to do in this town." And, according to the majority of teen-agers questioned recently at Escanaba Area High School concerning the subject of recreation in Escanaba it looks as if they're right. It seems that this woeful moan epitomizes, to a certain extent, the main problem in the life of an average teen-ager in Escanaba.

What does this town offer in the way of recreation and entertainment for the adolescent?

"Not much," say the teens. Most of the activities for teens are connected with and carried out through the high schools and the churches. The schools offer sports activities (football, basketball, wrestling, intramural volleyball, etc.) and occasionally hold dances. There are also annual activities and projects. Some church organizations sponsor activities for the teens, such as parties, special programs, etc.

**Bombing The Drag** K.C. dances are held at the Teamsters Hall usually weekly. Students have mixed feelings about them. About half the students like going to them, and think they're fun, while the other half do not think they're fun, don't like to go, but will go anyway because, as they always put it, "there's nothing else to do."

During the week, teen-agers may go to Club 314 to "hang around." The club provides pool and ping pong facilities, a dancing area, and basketball courts. Contemporary projects occupy the time of many students.

A number of teens find themselves content with just riding around, or, to lapse into teen

jargon, bomb the drag, or ride the gut. Parents can't comprehend why.

**Others Hang Out**

"It gives me a sense of freedom," stated one senior boy.

"It gives me a feeling of security, to be surrounded by kids, who, just like me, don't have anything better to do," answered another.

"It's one way to keep in touch with the other kids, your friends."

Incidentally, to those who may have fallen behind at this point, bombing the drag merely consists of riding up and down, up and down, up and down, and up and down Ludington St., beeping horns at every familiar passing car.

Those kids who don't yet rate a driver's license or car, or who don't have the magic touch to get the keys from dad, learn to be content with simply hanging out in local restaurants and stores.

Age makes a difference; the older teens are more likely to have the use of cars and more money to spend while the younger teens tend to be tamer (and better exercised).

Many recreational activities tend to be seasonal. Summer — the time for barefooting, swimming, boating, picnicking, playing baseball, two K. C. dances a week, riding in convertibles with the tops down, going to the A&W, enjoying the latest feature at the drive-in theaters — is slow in coming and fast in going. A majority of teens prefer the summer months to any others.

With fall comes back-to-school, football, school mixers, quickie arrangements for week-end parties, reorganization of clubs and groups, and a revival of bowling and pool-playing talents when the Holiday Bowl once again becomes "the place" to go.

Winter brings, in addition to fall's activities, skiing, skating, and basketball.

Spring's warmth melts the snow and feelings gathered dur-

ing the long hard fall and winter, and turns the city and its adolescents into spring fever addicts. Graduation activities and the return of the motorbike highlight the spring activities.

**Center Good Start**

"What can be done to improve the situation?"

The recreation center will be a good start, it is widely felt. "If it keeps the kids off the streets, and gives them something to do, it will be a worthwhile investment," parents often comment.

Some teen-agers as well as adults think that there is a slight juvenile delinquency problem in Escanaba, and feel that the center may remedy this.

As one girl stated, "The guys think they're great if they're in herds, but if they're in a supervised place, they can't go all bad."

More organized group activities, like Junior Achievement, etc., could be a forward step in providing more in the area of activities and recreation.

A place for the older teen-agers (high school upperclassmen and teens out of school) to go to is a dream often discussed in teen-age circles. These older teens feel that they should have a hang-out where they won't be bothered by the trivial antics of "teeny-boppers" (younger teens) who are looked upon with scorn and labeled as "children" by the older teens.

**Winter Carnival**

More informal dances and planned activities (a city or school-planned and sponsored winter carnival, for instance) would provide a break in the otherwise monotonous routine of teen-agerism.

The teen-agers who consider Escanaba a nice town to live in are greatly in the minority. They support their feelings with clichés such as "Small towns are nicer" and "It's nice to know almost all the people your age."

The dissenters remarks are similar in that they are also at a loss to explain just how they feel and claim "Who wants to live in a boring small town?" and "There's just nothing going on."

Although parents and educators claim that every teen-ager goes through a similar stage of wanting to get out on his own, to the teens involved, the feeling is very real.

Just what then, teens were asked, do you consider an "ideal" place to live?

"Some big city, Chicago, Milwaukee, Detroit, New York . . . anywhere with night life . . . where the city stays awake all night . . . where you can be yourself without giving in to identity change and crisis . . . Where you can lose yourself for a while without worrying 'What'll the neighbors think?'"

Today's hand has appeared in our column before. Oswald Jacoby was North and one of the greatest hand hoggers of all time sat South.

This hand was played in the early days of contract when any suit response to one no-trump was a one round force. South also hated to have his partners jump so Jacoby contented himself with a two heart response although he knew that he wanted to be in game at least.

South's jump rebid to three no-trump showed at least 17 points. He played indefinitely but strong no-trumps. Jacoby visualized a heart slam at this point but was afraid that a jump to the heart slam would merely lead to a six no-trump contract. So he made a second underbid of four hearts.

Sure enough, the hand hog came right back with four no-trump. He had 4-3-3-3 distribution and even though his four card suit was the one his partner had been bidding. South wanted to play the hand.

At this point Jacoby finally decided to bid his values and jumped to six hearts. South bid six no-trump!

South made a valiant effort to make his no-trump slam. He ducked the first club in order to set up a possible squeeze. He won the second club and ran hearts. East chucked a club as soon as possible to give West a count of that suit. Then East hung onto his diamonds while West just held whichever black cards South did.

Of course, six hearts would have been a cinch because one of South's hearts could have been used to ruff that fourth diamond. Jacoby was mad then. He is still mad 35 years later, but blames himself for trying to get the hog to let him play a hand.

What do you do now?  
A—Bid four clubs. You want to be in game if your partner holds five little clubs and nothing else.

### TODAY'S QUESTION

Instead of bidding three clubs your partner jumps to four spades over your two spades. What do you do now?

Answer Tomorrow

### Fire Ousts Pupils

MUSKEGON HEIGHTS (AP)—A fire of undetermined origin in a storage closet forced the evacuation of approximately 500 students from the Phillips Elementary and Junior High School Tuesday in Norton Township. There were no injuries reported and damage was confined to the closet and an adjacent unoccupied classroom.

## Ann Landers

### Squirrely Mother Has Child On Edge

Dear Ann Landers: When I was 12 my parents were divorced. I don't recall much about the divorce except that my dad said my mother was off her rocker and he wasn't going to stick around unless she went to a doctor. She refused to go and that was that.

My mother and I moved to another city after the divorce. We weren't in the new place more than a week when Mom began to complain about a funny smell in the apartment. Nobody noticed it but her. She spent the days and nights disinfecting and sterilizing things. Finally she decided the smell was coming from inside the walls so we moved to another apartment.

Within a few days Mom insisted that the same smell had followed her. Last week she announced that the mystery was solved — it was the smell of plastic that was bothering her. So she threw out everything plastic — my raincoat, my boots, my scrapbooks, my camera, my luggage, the Bible — yesterday she threw out the telephone.

I am not yet 16 so I am unable to support myself because I am too young to get a job in this state. Also I know I must graduate from high school in order to get a decent paying job when I am of age. Please tell me what to do. My mother is up half the night washing, disinfecting and spraying things. She is driving me crazy.

— SQUIRRELY MOTHER  
Dear Number One: It's too bad your mother didn't get psychiatric help when your father gave her the ultimatum. She needs it.

Discuss this problem with your school counselor. It is best for a teen-ager to remain with a parent if possible, but perhaps in this case the counselor may suggest that other arrangements be made.

Dear Ann Landers: My husband and I went to the movies last night with another couple. Before the feature started they showed a few short subjects. One was a brief recruiting film which pictured our boys in Vietnam saluting the American flag. The narrator then said, "Ladies and gentlemen, the National Anthem."

With that my husband jumped to his feet. The fellow with us shouted in a voice that could have been heard in the neighboring county, "Sit down, you idiot." My husband yelled back,

"You're supposed to stand up when the National Anthem is played." With that he pulled me out of my seat. No one else in the auditorium stood up and I felt like a fool — especially since they played only a few bars.

On the way home my husband said he didn't care what anyone else did — that he was sure we did the right thing and those who remained seated were not only ignorant but unpatriotic.

Please tell me, Ann is my husband correct about this? — UPSTANDING AMERICANS

Dear Up: Your husband is mistaken. When the National Anthem is played as background for a recruiting film it is not necessary to stand.

Dear Ann Landers: I'm 22 not beautiful but I've been told I am sexy looking. I have a new boss who is old enough to be my grandfather. He started out by giving me a good-morning squeeze. Now he pinches, paws and massages me every time I come in for dictation. I've tried to ridicule him into behaving, but it hasn't helped. If I hit him he'd land in the hospital. What do you suggest? — UPPACRICK

Dear Up: A 22-year-old girl who doesn't want to be pinched, pawed and massaged knows perfectly well how to put a stop to it. Kvitcheekid.

Do you feel ill at ease . . . out of it? Is everybody having a good time but you? Write for Ann Landers' booklet, "The Key to Popularity," enclosing with your request 35 cents in coin and a long, self-addressed, stamped envelope.

# Prescription Murder Brightens TV Corner

By CYNTHIA LOWRY  
NEW YORK (AP) — "Prescription Murder," one of NBC's two-hour films made for television, brightened its Tuesday night corner with Hitchcock-style story of an apparently foolproof scheme for homicide that fell apart.

It was the story of a successful psychiatrist who, tired of his wife, laid an elaborate plot to get rid of her.

The doctor and a woman patient who was in love with him made the arrangements. She dressed and made up to look like his wife. He told the wife that they were off on a short-note holiday in Mexico. Then,

about to leave, he strangled her, left her for dead, simulated a burglary and met his disguised accomplice.

The pair staged a quarrel on the plane before take-off and she stormed off. The doctor went on alone—and after getting rid of some evidence, returned to face the sad news.

**Gene Berry Good**  
It seemed a perfect crime, but Lieutenant Columbo was not satisfied, suspected the doctor immediately, and used psychology to trap the expert in human behavior. Up until the final event that turned the trick—a shop worn device that was not up to the rest of the show—it

was a highly entertaining suspense tale.

Gene Barry turned in a nicely chilling performance as a cool, arrogant killer who was finally tripped by his own ego. Peter Falk as the overly apologetic and persistent cop, developed an interesting character. The producers are undoubtedly interested in spinning Falk's cop off on a series, and since we haven't had cigar-chewing, baggy-suited arm of the law around for years, it might work out.

**Amazon Viewed**  
"The Amazon," another of the National Geographic Society special programs on CBS, was a sight-seeing trip on the great

river from its source to its mouth. Along the way, we saw everything from contemporary cities to almost untouched wilderness.

The most interesting portions showed the wildlife of the river—snakes and birds in particular—and the people, including some primitive tribes who hunt with spear and arrow.

**Six Shows Fall**  
NBC's tentative fall schedule has been announced, and as anticipated, six current programs will be dropped at the end of this season—"I Spy," "Run for Your Life," "The Danny Thomas Show," "Tarzan," "The Monkees" and "I Dream of Jean-

nie." New programs include "The Outsiders" and "The Name of the Game."

There will be a comedy, "The Ghost and Mrs. Muir," and "Adam 12," a police story, plus a variety hour with a host to be picked soon—maybe Andy Williams again.

CBS's new shows will include a Doris Day situation comedy, another comedy called "The Good Guys," "Blondie," adapted from a comic strip, "The Lancers," a Western, and "Hawaii Five-O," a private-eye series.

Recommended Tonight: "Class of '68," NBC, 9-10 EST, musical hour with singer John Davidson as host, Tom Jones and Buffy Sainte-Marie.

**Trenary**  
Worship service will be at 7:30 p. m., Sunday, Feb. 25 at the First Lutheran Church. The choir of the church will sing. Bernard Ramile, stationed at Ft. Knox, Ky., has been promoted to specialist fifth class. Mr. and Mrs. Leslie Cady and family spent the weekend in Detroit with relatives.

**Dance Friday**  
The sophomore class of the school will have a dance Friday, Feb. 23 at 7:30 p. m. Guests who are not local students will need a guest pass for the dance.

**WCSA Meets**  
The Women's Society of Christian Service of the Meth-

odist Church will meet Thursday at 8 p. m., at the church. Mrs. William Davis will be the hostess. The choir will rehearse at 7:30 the same evening.

**Board Of Directors**  
The Board of Directors of the Lion's Club will meet Monday, Feb. 26 at 7:30 p. m., at the town hall.

**Scholarship**  
Margaret Ann LaCombe, a freshman at Western Michigan University, Kalamazoo, has been awarded at \$500 scholarship by the university. She is the daughter of Mr. and Mrs. William LaCombe and was a Daily Press carrier while a high school student.

Duels are legal in Uruguay.

**Briefly Told**  
Danforth Ski Hill will be open from 6:30 to 9 p. m. Although the slopes are in fair condition the top of the hill is ice covered and slippery.

The Bay de Noc Gem and Mineral Club will meet Thursday, Feb. 22, at 7:30 p. m., in the Escanaba Senior High School (please use northeast entrance). The program will be presented on the sawing of rocks, and because equipment will be there for use, all members are asked to bring some specimens for slabbing. George Lockard will also present an interesting talk on copper. Guests are welcome.

The United States ranks fourth in world population.

### Service Clubs Join Job Hunt

LANSING (AP) — Officers of six statewide service clubs, meeting with Acting Gov. William Milliken, agreed Tuesday to join an effort to find jobs for some 150,000 youngsters around the state this summer.

"Never before has any program been undertaken to this extent in Michigan or any other state to my knowledge," Milliken told representatives of the Lions, Rotary, Kiwanis, Civitan and Optimist clubs and the Jaycees.

Milliken urged members of the nearly 900 local affiliates of the clubs represented to seek out youths looking for jobs and to help them—even to the extent

of asking employers to create work.

Members could also "coach" three to five youngsters each, he said, helping them apply for jobs, taking care of their transportation problems, and so on.

Milliken warned that nearly 2.5 million students aged 15 to 19 will be out of school this summer, many of them looking for jobs.

### Saves Son's Life

MUSKEGON (AP) — Richard Ball was credited with saving the life of his son, David, 4, when fire broke out Tuesday in the basement of the Ball home where the youngster was playing.

Asst. Muskegon Fire Chief Ben Tripp said Ball rushed to the basement after smelling smoke and carried the boy to safety. Damage from fire, heat and smoke was estimated at \$5,000.

### James Rowe Will Run LBJ Drive

WASHINGTON (AP) — President Johnson has tapped an old friend, Washington lawyer James H. Rowe Jr., to run his still unannounced bid for reelection—a campaign Democratic party sources say will mix

television and barnstorming.

Although Johnson has not formally announced his candidacy for a new four-year term, planning at Democratic National Headquarters and at Rowe's Citizens for Johnson-Humphrey is well under way.

### Evans E. Lutz, Timber Staffman For Hiawatha

Evans E. Lutz, 34, has been selected by the U. S. Forest Service to fill the timber management specialist position on the Hiawatha National Forest. He will serve as timber staffman in the supervisor's office in Escanaba. This position was vacated in December by the transfer of George Semmens to Athens, Ohio.

Lutz was graduated from Pennsylvania State University with a degree in forestry. He started his career with the Forest Service in 1957 serving as forester on three districts of the White Mountain National Forest in New Hampshire. In 1962 he was promoted to district ranger of the Middlebury District on the Green Mountain National Forest in Vermont.

Lutz, with his wife Cora and four children: Susan, Karen, Joann and Steven, came to Escanaba from Middlebury, Vt. The family will make their home at 209 S. 9th St.

Only three of New York's 34 Broadway theaters are on Broadway. They are the Palace, Winter Garden and Broadway. The others are on streets west of Broadway between 44th and 54th streets.

### Robin Hood Skit Is War Protest At U Of M Tea

ANN ARBOR (AP)—A small band of students, clad in Robin Hood costumes and armed with toy trumpets, staged an anti-war protest Tuesday in the midst of a tea which the president of the University of Michigan traditionally gives for students.

Dr. Robben W. Fleming, the new Michigan president, smiled as the students acted out a skit, gave him a toy bow and arrow on a pillow, and handed him a crown of jello.

He thanked them for the hunting weapon, but set aside the jello.

Seven students, members of VOICE, the university's chapter of Students for a Democratic Society, protested Michigan's participation in the Institute for Defense Analysis (IDA). IDA is a group of 12 universities which conducts research for government agencies, including weapons systems evaluations for the Joint Chief of Staffs.

The students' Sherwood Forest costumes were inspired by the president's first name. They read a statement, which criticized Fleming for his intent to attend an IDA meeting in New York in the near future.

Jeff Schneider, graduate student from Valley Stream, N.Y., read the statement in "olde English" style, entitled the "Tale of Robben Head."

“a bit more”

is what makes our white bread better!

We're talking of course about Jane Parker White Bread.

We use a bit more milk than we have to, to give you a richer loaf.

We never use milk substitutes.

We use a bit more shortening than we have to, to give you a softer loaf... the way you like it.

We use a bit more sugar than we have to, to give Jane Parker more flavor.

We do one more thing that hardly anybody does.

We date our Jane Parker White Bread.

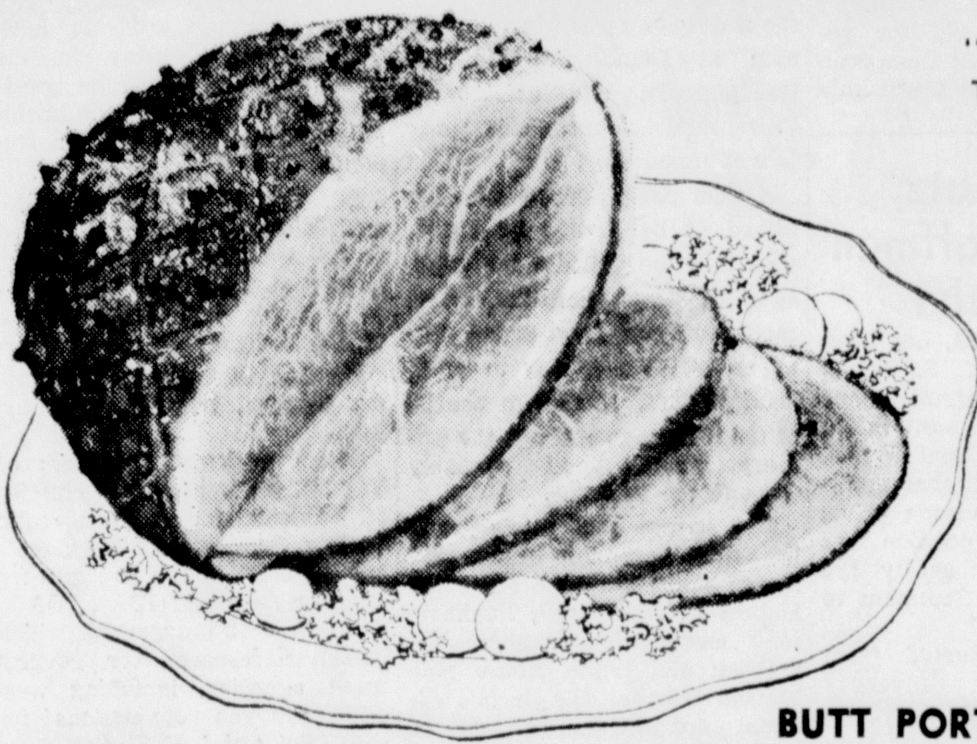

It's the only absolute guarantee of freshness you have...unless you bake your own.

And speaking of guarantees, we unconditionally guarantee you'll like it.

So, you see, we really do do “a bit more.”

Since Jane Parker Bread is sold only at A&P, shouldn't A&P be your store?

# Tourists Asked To Visit U.P.

The Upper Michigan Tourist Association's annual travel show program in the major metropolitan markets in the Midwest is in full swing, says Ken Dorman, manager of the Upper Michigan Tourist Association, Iron Mountain.

The Association's program of voluntary staffing by citizens has already participated in one show at Cobo Hall in Detroit and the Chicago National Boat Show.

One of the main features of Upper Michigan promotion this year is the Sault Ste. Marie Tri-Centennial which should help generate traffic to every community in the U. P. Special Sault Ste. Marie Tri-Centennial brochures are being used in five of the shows.

Attendance and interest at the shows is running higher than in previous years and all indications point to a good travel season next summer, said Dorman.

The Tourist Association will participate in the following shows at Detroit March 1-10; Chicago March 8-17; Milwaukee March 15-24; Indianapolis March 29-April 7; Minneapolis, March 29-April 7 and Grand Rapids, April 25-27.

Resurgence of sport fishing, especially for coho salmon, is stimulating hundreds of inquiries at the boat and travel shows and is one of the most effective means of bringing tourists to Upper Michigan, according to Upper Peninsula people working the shows.

Chief Welsh of L'Anse, in his Indian costume is still a top attraction at the shows.

Newspaper Want Ads are a big sell! One billion, twenty-one million was spent on classified ads last year . . . more than for all magazine advertising combined and more than 300 million more than radio advertising.

## Beck Heading Ensemble Fete At Marquette

MARQUETTE — Approximately 450 student musicians representing 17 Upper Peninsula high schools will compete for top honors at the annual U. P. Solo and Ensemble Music Festival at Northern Michigan University Saturday, Feb. 24.

Co-chairmen of the festival, sponsored by the U. P. School Music Association, are Geno S. Valente, Marquette, and Arlene Jucker, NMU music major from Armstrong Creek, Wis. President of UPSMA is Conrad Beck of Escanaba.

The best performers from eight categories will be featured in an honors convocation at 4 p. m., in the Little Theater. Preliminary competition will begin at 9 a. m., in the Fine Arts Building.

Participating high schools in the festival include: Carney, Nadeau, Champion, Eben, Escanaba, Escanaba Holy Name,

Gladstone, Gwinn, Iron Mountain, Ishpeming, Kingsford, L'Anse, Manistique, Marquette, Munising, Negaunee, Norway-Vulcan and Rudyard.

Caribbean islanders use every part of the coconut palm. Fronds thatch roofs; the waxy blossoms decorate homes; the nutshell converts to charcoal. The meat becomes oil and soap; the soft palm heart delights gourmets, and the wood makes fine paneling.

## Quick Relief from Pile Irritation

40 years ago a Buffalo druggist created an ointment to relieve itching and smarting of piles. It brought such quick, cooling, soothing, astringent relief that its fame spread across the land making Peterson's Ointment a favorite in thousands of homes. Ask your druggist today for either a box or 35c applicator tube. Peterson's Ointment delights or money back.

## Girl Scouts To Hold City Rally

Plans were made for the annual city-wide Girl Scout Rally on March 9, at a Girl Scout leaders' meeting held Monday evening at St. Alban's Church.

The rally will be held at the Lincoln School and will signify the opening of Girl Scout Week. A cookie sale will also be in progress during that week.

The resignation of Mrs. John Strable as secretary of the local Girl Scout Council was accepted with regrets.

Mrs. David Kelly is president of the local council and Mrs. Morris Laux is treasurer.

## Briefly Told

The Kings Daughters meeting of Bethel Baptist Church has been postponed until Thursday, Feb. 29.

The hot-lunch menu for Thursday for Fairview and Central school will be: Pizza Casserole, harvard beets, and apple crisp.

The Community School will sponsor a Story Hour on Feb. 24 at 10:30 a.m. at the Lincoln Kindergarten. A film, courtesy of Mid-Peninsula Library Federation, "Madeline's Rescue", will be shown.

The Royal Neighbors Club will meet at the home of Mrs. Glen Neeson, 215 S. 3rd St., Thursday at 8 p.m. Mrs. Edward Neadeau, will be assisting hostess.

## Schools Plight Told By Priest

Rev. Lawrence Gauthier, deputy superintendent of Marquette Catholic Diocese schools, addressed a group of interested citizens at an invitational meeting held Monday evening in the library of St. Francis de Sales Parish Center, on the legislation being introduced today in Lansing to aid parents of children attending non-public schools.

The aid bill is co-sponsored by the Citizens for Educational Freedom and the Michigan Association of Non-Public Schools, both non-partisan groups. It is endorsed by 44 House Democrats and seven Republicans. If passed, the bill would provide \$50 to parents of each elementary school children in a non-public school and \$100 to parents of high school children.

Explaining the financial strain on the non-public school in Michigan today, Father Gauthier said that in 1963-64 there were 9,500 lay teachers employed.

"Today there are 11,500 lay teachers in the non-public system. This has necessitated a 147 per cent increase in lay

teacher's payroll in the past three years", he said.

Total enrollment in the non-public schools of Michigan is 333,000 pupils. In dollars and cents, this represents a tax saving of \$205 million in state aid. Should these 333,000 students be absorbed in the public school system, it would necessitate a state-wide contribution of \$97 million in state aid plus \$108 million to be raised by local communities throughout the state", he continued.

Representatives of the St. Francis de Sales School Board, former board members, Manistique Area School Board, Administration, Ministerial Association, teaching staff of St. Francis School, radio and press attended the meeting.

## Hospital

Admitted to Schoolcraft Memorial Hospital were: Cheryl Goudreau, Eliza Brock, Ilene Cayer, Lillian Cowman, Susan Borko, George Germain, and Elmer Brazeau.

Discharged were: Robert Steiner, Viola Kliefoth, and Frederick Minor.

## K Of Cs Holding Weekend Retreat At Marygrove

Knights of Columbus will gather this week-end at Marygrove Retreat House in Garden for a three day retreat.

John Matthews, state warden, and Phil Villeneuve, diocesan chairman, will be attending from Manistique.

At least two representatives from each of the 20 K of C Councils in the Upper Peninsula are also expected.

## Births

GAGNON—Mr. and Mrs. Erwin Gagnon, box 108, Germfask, are the parents of a girl born Feb. 19 and weighing 6 pounds 13 ounces. The mother is the former Sara Ann Yoder.

BALOG Mr. and Mrs. Richard Balog, 1140 E. Lake Shore Drive, are the parents of a girl, Ann Marie, born Feb. 11 and weighing 7 pounds 3 ounces. Mrs. Balog is the former Margaret Marion Kinmond.

## OK Building Levy

BENTON HARBOR (AP) — School district voters at Benton Harbor have approved two school money issues including renewal of an 8.85-mill, three-year operating levy, 2,850 to 1,660. Voters also approved establishing a building and site fund, 2,395 to 1,873 and levying one mill for three years for a building program, 2,620 to 1,847.

## ADVERTISEMINT FOR BIDS

Separate sealed bids for the installation of 8" and 12" watermain for extensions and appurtenances on 8th Avenue South and on South 23rd Street will be received by the City of Escanaba at the office of the City Clerk until 8:00 o'clock P. M., C.S.T., March 21, 1968, and then at said office publicly opened and read aloud.

The Information for Bidders, Form of Bid, Form of Contract, Plans, Specifications, and Forms of Bid Bond, Performance and Payment Bond, and other contract documents may be examined at the following: Office of the City Clerk; City Hall; Escanaba, Michigan. ## Enstrom Expands Its Production Of Helicopters

The R. J. Enstrom Corp., of Menominee, manufacturer of the Model F-28 helicopter, announces it has received a production certificate from the Federal Aviation Agency for the manufacture of the company's Model F-28 helicopter.

Enstrom has been producing its Model F-28 at the rate of one per month for the past several months and has made deliveries to customers throughout the

United States and in England. Enstrom is expanding its manufacturing facility in Menominee and research and development programs that have been held in abeyance are now being activated, according to company officials.

The Enstrom Corp. is being acquired by the Purex Corp., Ltd. and will be operated as a division of Pacific Airmotive Corp., which has its headquarters in Burbank, Calif.

John Paul Jones, Revolutionary war hero, is buried at the U. S. Naval Academy, Annapolis, Md.

## Centennial Farms: Seek To Locate More In U.P.

By CLINT DUNATHAN

Do you have a farm that has been owned by the same family for more than 100 years?

If you have, that farm and its owners are eligible for recognition as one of Michigan's more than 2,500 Centennial Farms.

Most of the Centennial Farms are in the Lower Peninsula, as might be expected — but the Michigan Historical Commission is confident that additional farms might qualify above the Straits if the Centennial Farm program were better known.

To the present there are seven Centennial Farms listed in the Upper Peninsula.

• Delta County: Farley Farm, Garden (Louis and Amanda) Certified in 1964. Gray Farm, Garden (David, Charles W., John W. and Frank W.) Certified 1964.

• Ontonagon County: Penogor Farm, Rockland (Jeremiah and Jeremiah Jr.) Certified 1966.

Daniels Farm, Ontonagon (Nellie D., Mabel, Ruth, Russell) Certified 1966.

Penogor Farm, Rockland, (Clarence) Certified 1966. Schaffer Farm, Ontonagon (Norman J., Bernard H. and Howard) Certified 1962.

• Schoolcraft County: Bouschor Farm, south of Thompson (G. Leslie Bouschor, Manistique) Certified 1959.

The beginnings of agriculture in several areas of the Upper Peninsula are of an early date—long before the 1850's or early 1860's that would qualify for Centennial Farm recognition.

**Given Certificate**  
Pioneer farming was under way in Menominee, Delta, Mackinac, Chippewa, Marquette and Houghton counties as early as the 1830's or before. Michigan's earliest white settlement, for instance, occurred at Sault Ste. Marie 300 years ago, and the French had gardens at St. Ignace before Cadillac established Detroit.

## MSU Seminars Scheduled For U.P. In Spring

School systems, park programs and area organizations will receive the special attention of participants in Michigan State University seminars scheduled for the U. P. this spring.

MSU's Regional Continuing Education Director James Gooch announces a seminar on parks and recreation for Marquette, another on social organization and administration for Menominee and a graduate workshop on school personnel for Newberry.

Instructing the school personnel seminar will be Dr. Jack Rombouts, assistant to the president at Northern Michigan University.

The parks and recreation seminar will be directed by Professor Louis Twardzik of MSU. Social organization and administration will be instructed by MSU's Dr. Walter Freeman who assisted the Upper Peninsula for Area Programs (UPCAP) during its organizational phase over six years ago.

There are 2,050 independent telephone companies in operation over the country now, compared to 6,000 operating 20 years ago.

## \$412,000 Deficit Looms Area Millage Beaten

By DAVE ANDREWS

On the wall of Luther M. Barrett's office in the Escanaba Area school administration building hangs a "penny pinching" kit presented to him by former school colleagues in Kent County before he came to Escanaba four years ago.

The lower Michigan administrators underestimated the problem in Escanaba.

After Tuesday's defeat of Escanaba Area proposal asking seven mills for two years to operate the public schools, Supt. of Schools Barrett and the Board of Education face the monumental problem of "pinching" \$412,000 out of the 1968-69 school budget or possibly closing schools this fall.

Voters of the school district rejected the proposal by 864 votes, according to unofficial tabulations Tuesday night.

**Another Election**

Despite an extensive campaign by members of the school board and administration, the election wasn't even close.

It is expected that the Board of Education will schedule another election this spring, probably in April, but the size of the defeat Tuesday casts grave doubts as to whether another election would produce a different result.

Assuming a similar turnout of voters, over 400 residents would change their opinions to swing the election in favor of the schools.

"It is impossible to describe

the disappointment felt at this time," said Barrett in a statement issued after the results were totaled.

"So many people have worked so many hours over the past several months to prepare the information which was necessary for this election and to present this information to the voters of this school district. But apparently there are many people who feel they have better facts, or else they have some sort of a crystal ball which tells them what the future will bring.

**Asks For Help**

"I hope these people with the superior information and the superior abilities will now step forth and tell us what the next step should be if we wish to maintain the present status of our schools," Barrett continued. "It cannot be done without

## Two Children Bitten By Dogs

Two children were bitten by dogs in Escanaba within the past couple of days as city police receive an increasing number of complaints of dogs running at large.

Michael Norden, 10, of 316 N. 14th St., was bitten on the calves of both legs by a dog owned by Beverly Godfrey of 302 N. 14th St., police reported. The child required the attention of a physician.

The dog owner was told by police to keep the animal confined for 10 days for rabies observation. The attack on the child occurred Monday afternoon.

Mrs. Glen LaCarte of 1715 2nd Ave. N., reported to police that her child was bitten on the stomach on Monday by a dog owned by Jerry Couillard of 217 Stephenson Ave.

Complaint has been made by Mrs. LaCarte in Municipal Court and a warrant has been issued charging (under state law) that Couillard possesses a dog showing vicious habits, and that he allows the dog to run at large.

City police have received another complaint from a dog owner, this one that his dog is believed to have been poisoned. The report is from Robert Abb of 504 S. 8th St., and a veterinarian is today conducting a post mortem to determine the cause of death.

## Beef Breeders Meet Feb. 26

Annual meeting of the Bay de Noc Beef Producers Association will be held Monday, Feb. 26, at the Rapid River School at 8 p.m.

The agenda will include a review of the 1967 feeder sale, financial reports and election of two directors. The terms of Martin Witte and Reinhold Bittner expire, but they are eligible for re-election should they choose to run. A board meeting will follow the annual membership meeting to elect officers.

A short presentation on "Your Best Buy on the Farm" will be made by J. L. Heirman, Delta County extension agent. The meeting will conclude with a lunch.

Anyone interested in the beef business is invited to attend.

## Bomb Scare Hoax

IONIA (AP) — A telephone caller who said a bomb was in Ionia High School led authorities Tuesday to evacuate the 1,600 students from the school.

The call came during the afternoon and no classes were resumed. Basketball games involving Ionia High School teams Tuesday night also were cancelled.

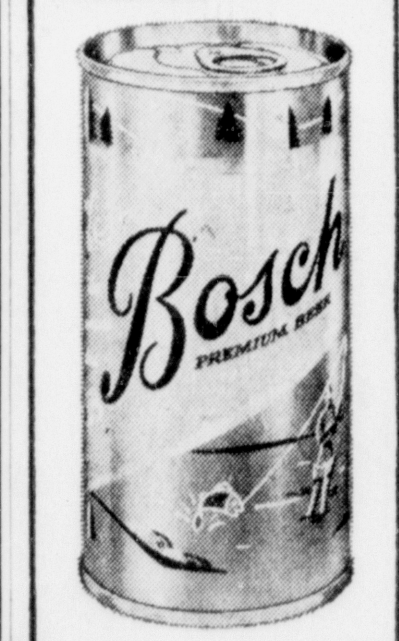

Police searched the school for a bomb, but none was found.

## Credit Union Charter Meeting Held In Garden

At a charter meeting at the Garden Community Building council room Monday, Feb. 19, an application for a credit union charter was made by Garden area people. It was decided the newly formed union would be called Big Bay de Noc Federal Credit Union and will include the Nahma, Isabella, Garden, Fayette and Fairport areas.

Robert Storbek, federal examiner; Dick Meissner, president of U. P. Chapter Federal Credit Unions and manager of Delta Catholic Credit Union; Pete Williams, league representative of Michigan Credit Union Leagues, all of Escanaba; Donald Tennant and Nicholas Frankovich of Manistique Federal Credit Union were guest speakers of the evening. Lunch was served to the guests. Another meetings will be held to elect officers and a board of directors when a notice of application acceptance is verified.

## Medicare Meet Here Feb. 29

A Medicare cost-finding seminar will be held Thursday, Feb. 29 at the House of Ludington for area extended care facilities served by the Travelers Insurance Companies. Travelers is a fiscal intermediary under Part A of the Medicare program. The Michigan Nursing Home Association will co-sponsor the seminar.

The meeting is designed to instruct nursing home operators and their accountants in the preparation of those cost forms required by the Social Security Administration. These forms must be completed by all facilities who have rendered service to Medicare beneficiaries.

Participating facilities are regularly reimbursed on the basis of an estimated interim rate. At the end of the facility's fiscal year the intermediary is obliged to adjust these payments to the actual cost of the covered services rendered.

The day-long seminar will begin at 9:30 a.m. with Bernard Felton, assistant director of Medicare Administration for Travelers as moderator. Other panel members include Voris Fabrik of Travelers Medicare audit staff and Howard Cole of the accounting firm of Ernst & Ernst, New York City.

Travelers in 1967 paid out more than \$5,665,800 in Medicare claims to extended care facilities in Michigan.

## Briefly Told

Escanaba firemen were called to 303 N. 14th St., shortly before noon today when fire damaged the interior of the house and the roof. The dwelling was occupied by the Gerald G. Goodchilds. No one was injured.

Parts and tools valued at an estimated \$350 were stolen from the Auto Parts Exchange, 828 N. 21st St. last weekend, it was reported to police by Art Way, the proprietor. Entry was gained by breaking a window in the building. Police are investigating.

## Ladies of the Gladstone Golf Club

Club will meet Monday, Feb. 26 at Mickey's. Dinner will be served at 7 p.m. followed by a business meeting. Reservations may be made through Saturday by calling 786-5183 or 786-3029.

Boys and girls between the ages of 12 and 16 interested in joining the Junior Citizens Band Radio Club may do so at 1204 S. 14th St., or by calling 786-0498.

## Muskie Featured At Student Meet

EAST LANSING (AP) — Sen. Edmund S. Muskie, D-Maine, will be a featured speaker at Michigan State University this weekend as students from 14 Canadian and American universities convene for the third intercollegiate Canadian-American Conference.

Under discussion during the three-day meet are such topics as political parties in Canada, minority groups in the United States, social class and structure and the North American Indian.

## Stocks Widen Gains Today

NEW YORK (AP)—The stock market widened its gains in active trading early today.

The Dow Jones Industrial Average advanced 7.22 to 850.32. Gains outnumbered losses by more than 2 to 1.

Impressive earnings helped some issues.

Among wider movers, IBM rose 4 and du Pont 6.

International Nickel reported record indicated fourth-quarter earnings and United Aircraft reported fourth quarter profits up 54.6 per cent from a year earlier.

Gains of a point or more posted also by RCA, Control Data, Eastman Kodak, Xerox and Liggett & Myers. Texas Gulf Sulphur advanced about 2.

The market was extending a technical rally into the third straight session even though on Washington Birthday Thursday markets will close, a normal reason for caution. A decline in durable goods orders and a decline in the short interest were other reasons for restraint.

Tuesday the Associated Press Average of 60 Stocks rose .3 to 308.3.

Prices advanced on the American Stock Exchange.

## Name Carberry New Archbishop

VATICAN CITY (AP) — Pope Paul VI has appointed Bishop John J. Carberry of Columbus, Ohio, to succeed the late Joseph Cardinal Ritter as archbishop of St. Louis, the Vatican announced today.

The 63-year-old native of Brooklyn has been bishop of Columbus since Jan. 16, 1965. Cardinal Ritter died last June 10.

The archbishop of St. Louis is traditionally a cardinal, and Bishop Carberry is expected to be elevated at the Pope's next consistory to create new princes of the church.

Nine cardinals have died since the last consistory last June, and there is speculation that the Pope will call another one before Easter, April 14.

It is expected at the Vatican that by then he will have named a new archbishop of New York to succeed the late Francis Cardinal Spellman and that this prelate also will get his red hat.

## Hermansville

**Workbees**

Lenny La Courriere, John Malone, Richard and Roger Whitens, Eddy Arnold, Donald Whitens and Robert Menard of the Sportsman's Club participated in a six hour work bee at the Hermansville Lake Saturday afternoon when they used outboard motors to provide oxygen for the water. The oxygen content at the lake has been dropping the past two weeks and it was necessary to once again use outboard motors which saved the fish last year.

Members of the Boy Scouts had a work bee at the lake also Saturday afternoon when they removed the Christmas trees and fence from the area where the Snowmobile Derby was held.

Mike Strohl's Stephenson Strollers continued in the winning column when they defeated the Hermansville Wildwood five easily, 117-77 on the Hermansville court Sunday afternoon.

**Fire Report**

The annual fire report for the Hermansville Volunteer Fire Department for 1967 has been filed with the fire marshal by Fire Chief Richard Grenier.

During 1967 the department answered only seven fire calls. This is the first time since 1954 that no fire damage was reported.

## LBJ Confident Pueblo Crewmen To Be Returned

WASHINGTON (AP) — President Johnson is depicted by White House visitors as quietly confident that diplomacy eventually will win release of the captured intelligence ship Pueblo's crew.

In the face of a new North Korean threat to try the 82 surviving crew members, Johnson was said to believe a way will be found to reach a settlement after the other side has had its day of blustering.

In Moscow Tuesday, Zang Ie Zoon, counselor of the North Korean Embassy, told a news conference the Pueblo's crew will be punished and any American reprisals would bring immediate war.

The United States already had warned that any punishment would be a "deliberate aggravation" of the crisis. The North Korean diplomat said the ship's personnel, "having committed crimes in one country, will get the punishment provided, by that country."

## Pearson Asks Another Vote

OTTAWA (AP) — Prime Minister Lester B. Pearson sought today to prevent his Cabinet's forced resignation with a vote of confidence to offset the defeat of a key tax bill in the House of Commons.

The Conservatives opposed the confidence vote, arguing that the only course open to the minority Liberal government after its defeat Monday was to call a general election. Debate on the government's motion for a vote was expected to continue into next week, a delay which could bring other opposition leaders around to Pearson's view that most Canadians aren't ready for their third general election in less than five years.

Pearson, who cut short a vacation in Jamaica, contended that the 84-82 defeat of the 5 per cent income tax surcharge was accidental and "a hazard of minority government."

The prime minister said such defeats would mean "a lot of elections" if they were regarded as tests of confidence. But he said if he loses the confidence vote, "then of course the government resigns."

## Death Claims Mrs. Williams

GLADSTONE — Mrs. Frances Marie Williams, 42, of 621 Minnesota Ave., Gladstone died at her home Tuesday afternoon following a lengthy illness. She was born June 5, 1925 in Perkins and was a graduate of Perkins High School.

She had resided in Detroit and Marquette and for the past eight years had lived in Gladstone. She was married to Albert Williams in 1947 in Detroit and he died in 1957. Mrs. Williams was a member of All Saints Church.

She is survived by one son, David of East Lansing; four daughters, Connie, Julie, Eileen and Cindy, at home, four brothers, Emil, Casimir of Gladstone, Raymond, Powers, Edwin and Joseph of Rapid River; four sisters, Mrs. Ray (Marie) Callahan of Rapid River, Mrs. Alvin (Anne) Robbins of Perkins, Mrs. Pat (Julia) Kazal, Westminster, Calif., and Mrs. Michael (Leone) Healy of Detroit.

Friends may call at the Skradski Funeral Home from 3 to 9:30 p.m. Thursday and the parish Rosary will be recited at 8 p.m. Funeral services will be conducted at 9 a.m. Friday at All Saints Church with Msgr. Matt LaViolette officiating and burial will be in Holy Cross Cemetery, Marquette.

## Mayor Exchange Drawings Today

LANSING (AP) — Acting Gov. William G. Milliken today conducts a drawing to determine pairings for Michigan's annual one-day exchange of mayors.

The exchange, traditionally involving more than 300 mayors and village presidents, will take place on Government Day of Michigan Week, May 20.

The drawings will be conducted in four classifications.

Names of towns of up to 3,000 population will be placed in a barrel and mayors will be selected. The same process will be followed for towns of 3,000 to 7,000 population, 7,000 to 15,000 and for towns of more than 15,000.

Lemurs are primates, members of the same order as men, apes and monkeys. Lemurs are shy and gentle; they feed on fruit and insects.

## Death Toll Hits 101:

# Rural Accidents Rise In U.P. During 1967

Seventy-eight accidents resulted in the death of 101 persons on Upper Peninsula highways in 1967, according to a study by the Safety and Traffic Division of the Michigan State Police.

The death toll was the same as 1966, but the total number of rural accidents increased by almost five per cent, the study showed.

The study covered 3,500 rural accidents on Upper Peninsula highways in 1967. Results will be used by State Police officers in making patrol assignments.

The study revealed several characteristics of Upper Peninsula rural traffic accidents: One death resulted in every 42 accidents; one-third of the rural accidents resulted in injury to one or more occupants; twenty-one per cent of the accidents involved a vehicle striking a deer; Fifty-seven per cent of the Upper Peninsula's accidents involved only one vehicle — usually no other driver to

blame; one-third of all the drivers involved are 25 years old or less; Twenty-four per cent of the drivers had been drinking prior to the accident; The Upper Peninsula average is one occupant injured for every rural accident.

**Over 600 Reports**  
Locally, Sgt. Wilbert Trichel of the Gladstone Post and Sgt. Lucien Conrad of the Manistique Post submitted more than 600 accidents reports from Delta and Schoolcraft counties for analysis.

Delta and Schoolcraft proved to be typical Upper Peninsula counties. Each category was almost identical with the Upper Peninsula averages listed above.

In planning assignments for 1968, post commanders are especially concerned about the largest single category. One-car accidents accounted for 58 per cent of all rural accidents in Escanaba-Manistique area. Nearly one-half of the one-

car accidents involved deer on the highway and this type of accident is difficult to avoid. However, the remaining one-car accidents were almost entirely due to driver-error and the influence of alcohol.

**Law May Help**  
Trichel feels that the "implied consent" bill will assist officers in keeping the drinking driver off the road.

This bill provides that under certain conditions a driver must submit to a chemical test (breathalyzer) or face the loss of his operator's license.

Local post commanders emphasized, however, that this law applies only to those drivers whose driving has resulted in their arrest for "Drunk Driving" and not to every person who has consumed only a small amount of liquor prior to his involvement with the police.

The cost of rural (not in-

## Enrollment At NMU Is Record

MARQUETTE — Northern Michigan University reports a record spring enrollment of 6,538 students, up 3.9 per cent over last year's figure of 6,294. The second semester enrollment includes 5,963 undergraduates and 575 graduate students. Northern's three resident centers account for 445 students including 268 at K. I. Sawyer Air Force Base, 146 at Iron Mountain-Kingsford, and 31 at Kitchel AFB.

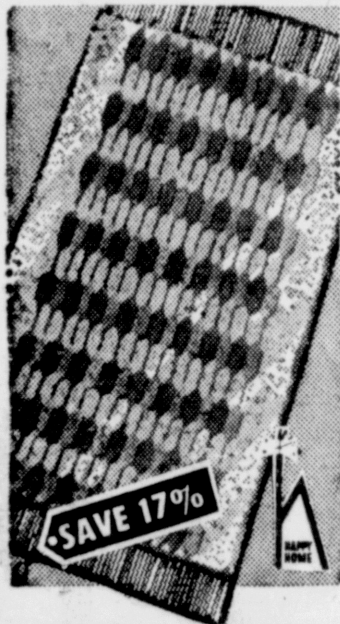

The Chesapeake Bay oyster fleet is the nation's last to work under sail, the National Geographic says. Motorized small craft are permitted to dredge for the bay's famed bivalves only on Mondays and Tuesdays.

including Escanaba or Gladstone) accidents for Delta County alone was \$750,000 last year. In an effort to reduce this huge loss which included nine deaths, State Police officers have been instructed to take action whenever poor driving habits are exhibited, Trichel said.

## Engineers Will Hear Maj. Grodt

Escanaba Area engineers will observe National Engineers Week with a dinner meeting at the House of Ludington at 7:30 p.m. Friday to be addressed by Major George A. Grodt, base civil engineer at K. I. Sawyer Air Force Base.

Gary Barton, president of the Douglass Houghton Chapter of the Michigan Society of Professional Engineers says that reservations are requested by Thursday evening. They should be made with Dr. Richard Rinehart, Bay de Noc Community College. The public is invited.

Major and Mrs. Grodt will be accompanied to Escanaba by

Base Commander Col. Thomas L. Murphy and Mrs. Murphy and other staff of the base.

Theme of Engineers Week is "Engineering . . . Design for World Health", says Joseph Bal, publicity chairman for the Houghton Chapter. The week of George Washington's Birthday is traditionally chosen for Engineers Week since the first President was a notable civil and military engineer.

The local section of the Douglass Houghton Chapter includes professional engineers from Delta and Menominee counties and the Manistique area.

(not even money)

'68 Chevelle—prices start lower than any other mid-size car's.

Mid-size means we put all the good things—like Full Coil suspension for a big-car ride—into a slightly smaller size. Comfort items like supple vinyl upholstery and wall-to-wall carpeting are yours in most models. And Chevelle comes sized to your needs. Coupes and convertibles ride on a sporty 112" wheelbase, while sedans and wagons have a family-size 116" wheelbase. Get America's most popular mid-size car—Chevelle.

'68 Camaro—lowest priced of all leading sportsters.

Otherwise known as "The Hugger," it's sporty like Corvette, yet has family-style room. What other sportster at its price gives you features like Astro Ventilation, wide-stance and a 327-cu.-in. standard V8? Camaro: it's growing faster in popularity than any other sportster in the industry.

Now you can "customize" your Camaro

with bold new striping, mag-spoke wheel covers, a spoiler out back, new "houndstooth" upholstery, plus four new colors for Camaro: Corvette Bronze, British Green, Le Mans Blue and Rallye Green.

## In This Corner

With RAY CRANDALL

The fifth annual Escanaba Football Clinic, one of the top affairs of its kind in the region, will be staged April 5-6 at the Terrace . . . Headline speakers will be Harlan Carland and Roger French of the University of Wisconsin, George Gusick of Iron Mountain High School and Carl Reese of Northern Michigan University . . . The clinic draws high school and college coaches from Michigan, Wisconsin and Minnesota each year.

Gary Sackech, 6 foot 6 inch senior from Crystal Falls, continues to lead the Land O'Lakes Conference in scoring and rebounding . . . He has tallied 149 points and hauled down 121 rebounds in five games . . . Runnerup in both categories is Kurt Stoor, a 6 foot 5 inch teammate, with 103 points and 80 rebounds . . . The Trojans also have the best field goal shooter in the conference in Jim Gill, a 6 foot 3 inch junior, who has hit on 21 of 31 for 66% . . . Sackech and Stoor are both over 50% from the field . . . Guss Lord of Stephenson has 35 assists and Dennis Alexejun of the Eagles has made 26 of 29 free throws to lead the other two conference categories.

Rudyard pulled one of the major upsets of the season in Peninsula cage ranks by spilling the Soo Blue Devils, 50-46, in overtime . . . Four free throws by Dan Lemon and Larry Kemp in the final 30 seconds provided the margin of victory, Rudyard's fourth in 15 starts this season.

Stambaugh put a stop to Negaunee's victory surge by whipping the Miners, 83-69, in a nonconference contest . . . Coach Dave Hallgren's Negaunee quint had won five straight . . . The game closed Stambaugh's season with a 9-6 record.

Wakefield came up with another surprise by clipping Iron River, 70-56 . . . Iron River had lost only two previous decisions and shares first place in the Menominee Range Conference with Crystal Falls . . . Roger Norkoli and John Francisco triggered the Cardinal attack with 51 points between them.

Ed Stimac, Ishpeming's outstanding 5 foot 11 inch senior, had his best scoring night of the season with 38 points to lead the Great Lakes Conference champs to a 69-61 victory over Ironwood . . . Ishpeming was outscored by six field goals, 26 to 20, but came through with 29 of 32 attempts from the free throw line to win it.

## Niagra Keglers In Early Lead

Niagara Paper Mill Credit Union rolled into the early lead in the Bowl-A-Rama's fifth annual team tournament with a 4165 score.

A field of 120 teams will compete in the event which will continue for two more weekends.

Dave Friets of Escanaba is the leader in the optional singles list with a 684 series.

Ray Hill of Negaunee hit a 265 and Tony Gillis of Gladstone 258 for high game honors. OK Auto Supply of Gwinn spilled a 1015 game and Clifton Manor of Marquette was close behind with a 998.

## Class A Cage Drawings Set

Drawings for the Class A district basketball tournament which will be played at Escanaba High School will be held Tuesday, Feb. 27, at 9:30 a. m., at the school's auxiliary gym.

Harold Johnson, athletic director and tournament manager, announced that tournament games will be played Wednesday and Friday, March 6 and 8, at 8 p. m. Competing will be Escanaba, Marquette and Soo.

**GAME POSTPONED**

PERKINS — Bad weather forced postponement of Tuesday night's basketball game between Perkins and Eben. The Central League contest has been rescheduled for tonight at the Perkins gym, with the jayvees opening at 6:15.

# Crusaders Nip Emeralds; Avenge Earlier Setback

MANISTIQUE — The Holy Name Crusaders avenged an earlier defeat by downing the Manistique Emeralds, 70-63, for their third victory of the season. The decision snapped a three game losing streak.

Holy Name, trailing 17-10 at the end of the first quarter, came back strong to outscore the Emeralds in the remaining three periods. The Crusaders' 22 point fourth quarter gave them the triumph.

Terry Dufour, Holy Name's 6 foot 5 inch center, led all scorers with 25 points, 17 of them in the first half. Chris Young and Tom Creten had 12

## Tigers Notch Big Six Win

FELCH — The Powers-Spalding Tigers joined the century club Tuesday night with a 105-78 Big Six Conference victory over Felch.

Coach Mike Forsberg gave his subs a solid workout in the game, emptying his bench in the third quarter. Five Tigers reached double scoring figures with Dick Smith setting the pace with 22 points. Don Mattson tallied 27 for Felch.

The Tigers were torrid from the field with 40 buckets in 77 shots for 52 per cent while Felch hit on 28 of 63 for 44 per cent. Powers-Spalding had a 55-35 advantage in rebounds with Kim Riedy getting 13.

Powers won the jayvee game, 65-60.

## Eastern Wins Over Akron U.

YPSILANTI (AP) — Eastern Michigan went into the second half with a slim three-point lead, but scored eight quick points in the first two minutes of the second period and went on to defeat Akron University 77-63 in college basketball Tuesday night.

Earl Higgins poured in 31 points and Harvey Marlatt added 16 for the Hurons while Bob Smith was high for Akron with 17 points.

Eastern took the lead from the Zips for good with 1:34 left in the first half and led at the break 37-34.

# Rapid River Holds Off DeTour Rally For Win

RAPID RIVER — Rapid River took time out from its Central League schedule to take on Eastern Conference leader, DeTour, in a game which they won Tuesday night, 76-75.

The Rockets had to hold off a last period rally by the De-

Tour team. Rapid River was outshot from the field but managed to gather 15 more free throws to gain the victory.

Alan Pasi led five Rapid River scorers in double figures with 19 points. He was followed closely by Tom Safford with 17. Dennis Olmstead of DeTour led all scorers with 25.

The Rapid River eighth grade team defeated the Gladstone eighth grade, 53-31.

## Norton, Elegeert To Seek Seats On Commission

Two city commissioners will be elected for 3 years terms April 1 according to City Manager H. J. Henrikson. Terms of Mayor Raymond Norton and Arne Anderson expire.

Nominating petitions for Norton and Thomas Elegeert Jr., 709 Michigan Ave., have been issued at the City Hall. Arne Anderson, who was appointed by the commission to fill the unexpired term of Gene Kee, who resigned in June, 1967, has not as yet signified his intention to run for election.

Norton has served on the commission for six years. He is assistant postmaster for Gladstone.

Elegeert is employed by Mead Corp. He is married to the former Linda Lamberg, of Gladstone. The family resided in Escanaba until two years ago when they purchased their home at 709 Michigan Ave. They have three children, Tom III, 5, Kim Marie, 3 and Renae Sue, 7 months.

Nominating petitions must be filed at the City Hall 30 days prior to the election according to state law but the city charter calls for filing 20 days before the election, making the final date for filing, March 11.

Henrikson said registrations for voting in the spring election will close March 1.

The referendum on the proposed new city charter was to have been placed on the spring ballot but work has not been

### Post Office Will Close For Holiday

The Gladstone Post Office will be closed on George Washington's Birthday, Thursday, according to Postmaster Maurice Anderson. There will be no regular delivery or window service but the lobby will be open during regular hours for deposit of mail, and access to lock boxes and stamp dispensing equipment. Special delivery service will be maintained as will regular pick-up of mail at deposit points.

### Church Circles Meet Thursday

A joint meeting of the Women's circles of Evangelical Covenant Church will be held at the church at 8 p.m. Thursday.

A patriotic program has been arranged by Mrs. Harold Nelson and Inez Nyberg. The program will include scripture reading and prayer by Lois Borns, readings by Mrs. Gilbert Olson and Mrs. Harold Apelgren, a piano medley by Mrs. Clarence Goodman and a vocal solo by Mrs. Reuben Carlson.

Hostesses are Mrs. Linda Erickson and Mrs. Carl Nyberg.

### Personals

James B. Stearns, of East Lansing and his guest, Miss Millie Steinmiz, of Lansing, returned Sunday after spending the weekend with his mother, Mrs. Elizabeth Stearns at the Trailer Court and attended the Hale - Short Wedding Saturday. Mrs. Stearns, who has been a patient at St. Luke's Hospital, Marquette, returned home on Saturday.

A/JC Bruce Ellison, son of Mr. and Mrs. A. F. Ellison, 405 Michigan Ave., arrived Friday to spend a 17 day furlough with his parents. Bruce is stationed at Forbes Air Force Base, Kansas.

### Mead Construction Boom

# Crisis In Housing Feared This Year

Escanaba Paper Co. officials are fearful of a housing shortage in the Escanaba area this year and next when construction gets into full swing on Mead Corp's Escanaba division paper mill expansion, according to General Manager George Douglas.

The \$56 million first phase construction project at the Groos mill on the Escanaba River now starting will employ 1,000 construction workers at the peak of building activity, which will be reached in April, 1969, said Douglas.

He urged that persons having rooms available for rental to construction workers and their families advertise them so that listings can be made.

Douglas has also conferred with City of Escanaba and City of Gladstone officials about encouragement of efforts to provide housing facilities at both the governmental and private level. Trailer court pads are especially desirable, he said.

Gladstone has a trailer court with pads for 20 trailers and a potential for addition of 60 more pads.

"We are lucky, Gary Jones of Rust Engineering Co., has told us," said Douglas, "to have two cities in such close proximity to draw from for labor and for housing."

Rust, of Birmingham, Ala., a division of Litton Industries, has the contract for the engineering and construction supervision at the mill. It will have an office building on the site, still to be constructed, and Jones is the job superintendent.

W. R. Poor, project manager, is stationed at Rust's headquarters, 1130 S. 22nd St., Birmingham.

Construction at the mill is now underway. The grading and site preparation contract was awarded to A. Lindberg & Son, Inc., of Ishpeming, and the firm is employing about 150 persons on the job. About 1.5 million cubic yards of earth will be moved to prepare the

### Employees Walk Out; Birds Eye Plant Is Closed

Employees of the Birds Eye Veneer Co. walked off their jobs at noon Tuesday and continued their absence today, bringing operation of the plant to a halt because of what one worker called "a misunderstanding."

Russell Lee, president and general manager of Birds Eye, said he had no comment on the situation today.

The employees are members of the Carpenters & Joiners of America, Local 3168, A.F. of L. No union officer could be reached for a statement.

There is no picketing of the plant, no meetings of labor and management were being held today, and there were indications that the "misunderstanding" had been resolved and the men might return to work on Thursday.

### Public Offices, Banks Will Be Closed Thursday

The Post Office, public offices, and Delta County banks will be closed on Thursday in observance of Washington's birthday anniversary.

The Escanaba Public Library will be closed all day, as will the City Hall, and the Court House.

There will be special deliveries but no other delivery of mail on Thursday.

been killed and 700 wounded in and around the Citadel.

Lam claimed 85 per cent of the 1 1/2-mile-square Citadel was in allied hands and said the rest could be taken in three or four days once the weather cleared enough for allied planes to operate.

South Vietnamese Marines reported that in three sharp clashes Tuesday they killed 32 Communist troops just outside the Citadel, while U.S. Marines edging along the northeast wall said they killed another 33 enemy troops.

### Open Housing Wins At Flint

FLINT (AP)—A clerical error in tabulations of the vote on an open housing referendum showed today that the measure was approved Tuesday by a 46-vote margin.

Previous reports had indicated the proposal was defeated by 54 votes. Unofficial tabulations showed the final vote was 20-175 in favor and 20,129 against.

The Flint Journal said the error was discovered when the city clerk was asked to check a discrepancy between his figures and those tabulated by the newspaper's staff. The clerk then found 100 favorable votes had not been counted in one precinct.

Earlier, Negro Mayor Floyd McCree said a defeat by 54 votes would have constituted a "great moral victory" because he had expected the measure to lose by a 3-1 margin.

McCree said his "Friends for Fair Housing" Committee would ask a recount if certification of the votes made defeat of the ordinance official.

Observers believed a recount now will be demanded by open housing opponents.

### Nurse Courses

Opportunities for participating in community-based continuing education and refresher courses will be presented to Upper Peninsula registered nurses at late February meetings in Sault Ste. Marie, Marquette and Hancock. The meetings, all 7 to 9 p. m., (local time) are set for Feb. 27 at the War Memorial Hospital in Sault Ste. Marie, Feb. 28 at the Wallace Nurses Residence in Marquette and Feb. 29 at St. Joseph's Hospital in Hancock. They were arranged through the U. P. District Nurses Association, in cooperation with the U. P. Health Council and the U. P. Hospital Administrators Association.

The Americans called in helicopter gunships, fighter-bombers and artillery and reported killing 123 guerrillas in a four-hour battle. They said 15 Americans were killed and 11 wounded.
